## AWS Enterprise Learning Program

93% of Enterprises have a cloud first strategy<sup>2</sup>, yet the average cloud adoption is less than 20%<sup>3</sup>.

There is a gap between ambition and achievement. And it's caused not by a lack technology investment, but difficulties in creating the right culture, finding the right skills, and the ability to manage the change necessary to deliver true cloud transformation.

AWS has the answer to help you realize your transformation objectives, and ultimately achieve cloud excellence.

### Your cloud capability

Many factors can impact your cloud transformation. How do you determine what's holding you back?

Use our interactive tool to assess your people and operational readiness to identify areas where the AWS Enterprise Learning Program can help you succeed with your digital transformation.
